

## INTERCEDE FOR ME

*C*                    *Dm*                    *C*  
Intercede for me now, Holy Spirit  
*Am*                    *Dm*                    *G*  
Hear the words that my heart cannot express  
*C*                    *Dm*  
Take the grief, take the pain  
*G/E*                    *Am*  
Place them at the feet of God  
*Dm*                    *G*                    *C*  
Intercede for me now, Holy Spirit

Wash me clean from my sin, O Lord Jesus  
Take the doubt, take the things that cause You pain  
When the Lord casts His eyes  
May He see just Your blood  
Wash me clean from my sin, O Lord Jesus

Let me stand in Your presence, O Father  
How I long to be confident and free  
May Your grace and Your love  
Come and wash over me  
Let me stand in Your presence, O Father

Let us walk in the light of Your glory  
May we call on the power that is ours  
Shine Your light in the dark  
Put an end to our shame  
Let us walk in the light of Your glory
