THE HAPPY SONG

D *A*
I could sing, unending songs
Bm *G*
Of how You saved my soul
D *A*
I could dance a thousand miles
Bm *G*
Because of Your great love

D
My heart is bursting Lord
A
To tell of what've done
G *Em7*
Of how You changed my life and washed away the
Em7/A
past
D
I want to SHOUT IT OUT!
A
From every roof top sing
G *Em7* *Em7/A*
For now I know that God is for me not against me

Em7
If we could only see Your face
G
See You smiling over us
Em7 *G* *D*
Unseen angels celebrate; cause joy is in this place
